

MARIPOSA ENERGY PROJECT

PRESIDING MEMBER'S PROPOSED DECISION CEC 800-2011-001

Consideration and possible adoption of the Committee's Presiding Member's Proposed Decision on the ***MARIPOSA ENERGY PROJECT*** (Docket No. 09-AFC-3), and Errata. The Committee issued its Presiding Member's Proposed Decision (PMPD) on April 12, 2011.

The ***MARIPOSA ENERGY PROJECT*** is a natural gas-fired, simple cycle peaking facility with a generating capacity of 200 megawatts (MW) in northeastern Alameda County.

The PMPD contains the Committee's rationale in determining that the proposed project will, as mitigated, have no significant impacts on the environment and will comply with all applicable laws, ordinances, regulations, and standards (LORS).
